ACD/Manager		Depository/Trustee	
J O Hambro Capital Management Umbrella Fund		RBC Dexia Investor Services Bank S.A., Dublin Bran	
Fund Code	SEDOL	Fund Type	
JOESV	3290400	OEIC	
Objective			
The aim of the Fund is to achieve long-term capital appreciation through investment in equity securities of companies domiciled or exercising the predominant part of their economic activities in Europe. The portfolio will result from a disciplined bottom-up stock selection process of companies that the investment manager believes to be fundamentally undervalued. The geographical and sector exposure will be a by-product of this process. Preference will be given to companies with high free cash flows, undervalued growth companies, to 'franchise' stocks (typically displaying low capital intensity and high return on capital) and to special situations. The portfolio is likely to be quite concentrated with some 40-50 names. The investment approach is likely to result in the portfolio having a small and mid cap bias under most circumstances.
