M&G Securities Limited		The Royal Bank of Scotland plc	
Fund Code	SEDOL	Fund Type	
MGEIT	3092930	OEIC	
Objective			
The Fund aims to track the FTSE World Europe ex UK Index. To achieve the same performance as the index, the Fund uses a technique called stratified sampling. There are two aspects to this technique. First, the Fund replicates approximately 80% of the index by market capitalisation. Second, it holds a representative sample of the remaining companies in the index to ensure that the Fund's capitalisation and industry weights are in line with index weightings.
