| The investment objective of Neptune India Fund is to generate capital growth from investment predominantly in Indian securities, or securities issued by companies transacting a significant proportion of their business in India. Other eligible asset classes may include collective investment schemes, other transferable securities, cash or near cash, deposits and money market instruments. It is anticipated that derivatives instruments and forward transactions may be used by the ACD for efficient portfolio management. It is the intention to be near-fully invested at all times, however the Sub-Fund has the facility to take tactical positions in cash or near cash should the ACD feel it appropriate. The portfolio will be managed to ensure that the Sub-Fund is at all times eligible to qualify and to be included in a Personal Equity Plan and an Individual Savings Account. |                                |   |
